Alexander, in Brilliant Exhibition, Leads New York Tennis Players to Victory Over Quakers in Church Cup Match

NEW YORK TENNIS TBAM AGAIN VICTOR

Wins Leg on Church Cup by Defeating Philadelphia, 6 Matches to 8.

ALEXANDER'S WORK BEST

Veteran Gives Remarkable Exhibition on the Merion Cricket Courts.

WAVERFORD, Pa., June 3.—New York sained first leg on the George Myers Church Cup, the lawn tennis trophy donated by Lieut. Church of the Aviation Service last year, for competition among teams from New York, Boston and Philadelphia, by defeating Philadelphia's team here to-day on the Merion courts. The victors won by a total of six matches to three, taking four of the singles and two of the doubles.

Frederick B. Alexander, the veteran internationalist, led the New York players to triumph. He defeated Lieut. Wallace F. Johnson, runner up to Maurice McLoughlin at Newport in 1909, for the national title. Rarely in his great, career has Alexander played with the irresistible dash and skill that featured his work on the courts this afternoon. Johnson went down to defeat by a score of 6—0, 6—2, one of the worst drubbings he ever received since he became a Fanking player.

William T. Tilden 2d, captain of the Philadelphiar team, was a close second to Alexander in brilliancy of play and

william T. Tilden 3d, captail of the Philadelphiar team, was a close second to Alexander in brilliancy of play and successful results. He defeated Theodere Rocevett Pell of New York with ease by a score of 6—3, 6—1, making some of the most sensational shots of

Alexander's Great Work.

The gallery that sat in the shade of the wide veranda to watch the net bat-iles was agreed that the most stirring match of the day, from the standpoint of aimost figwless tennis, was the meet-ing between Alexander and Wallace F. Johnson. Alexander has always been a wizard of the racquet, particularly on the difficult low volley, but it is doubtful f he ever rivalled the exhibition he gave

Johnson soen discovered that his tricky chep strokes were not of much use against the kind of tennis that Alexander was playing. The internationalist was so speedy in gaining the net position as to catch his opponent's shots on the full voiley, thus avoiding the baffling bound that gives them most of their effectiveness against opponents who wait for the ball to strike the ground.

Starting the service, Alexander lost the first three points. He netted the ball twice and dropped the third point when Johnson sent a beautiful chopped drive to the corner of base and side lines. But it was then that the Davis Cup hero of other years started to shime. He won the next five points in a rew for the first game, scoring two dassling placements with overhand volleys to the corners, as Johnson stood happens mear the base line.

No Letup by Veteran.

There was no stopping the veteran after that. He walked straight through the first set at \$-0 and won the first two games of the second set before Johnson, fighting hard, was able to take the third game to love.

Two bitterly contasted deuce games relieved, with Alexander winning both, and then Johnson broke into the winning column again as Alexander netted the ball three times and once sent a drive far back of the base line.

The veteran, however, tightened his
